

Select Entry Accelerated Learning 2018

“Access to Peak Performance”

NOTICE TO GRADE 6 PARENTS

The Lyndale Secondary College “*Select Entry Accelerated Program*” is designed to provide enhanced educational opportunities to children of higher academic potential.

The program will compress years 7 to 10 studies of English, Humanities, Maths and Science into effectively three years of study for the selected students. Students also undertake non-accelerated studies in all other subjects. This keeps them in-step socially with their peers.

By completing these studies earlier, greater flexibility will be available to these students in their final three years of schooling. This flexibility will be negotiated and agreed between the college and the family and may include:

- Additional VCE studies to improve students’ tertiary entrance scores
- Undertaking of additional courses which are accredited by TAFE
- Entry into Monash or Melbourne University degree studies during Year 12 which are available here at Lyndale

“*Accelerated Learning*” is not appropriate for all students. It is both demanding and rewarding. It provides challenge and enrichment within an academic peer group of students. It also entails a relatively higher workload in the early years of secondary schooling. Please note that a further interview may be required.

The college aims to be assessing students in late June in the Hugh McRae Hall. As a result of these assessments, students will be offered places in the 2018 Select Entry Accelerated Learning Program. This test will also be used to decide Academic Scholarship winners as described on the separate application form.

If you believe such a program is appropriate for your child, please complete the attached form and return it to the college by **3.30 p.m. on Friday 5th May 2017.**
