Purpose

The purpose of this policy is to set out how our school will manage electronic funds in accordance with applicable Department of Education and Training policy and law.

Scope

This policy applies to:

- o all staff/responsible persons involved in management of funds transacted electronically

Policy

Lyndale Secondary College has developed this policy consistently with the <u>Schools Electronic Funds</u> <u>Management Guidelines</u> and <u>Section 4 Internal Controls</u> of the Finance Manual for Victorian Government schools.

Implementation

- Lyndale Secondary College school council requires that all actions related to internet banking are consistent with The Department's <u>Schools Electronic Funds Management Guidelines</u>.
- Lyndale Secondary College school council approves the use of Bank of Australia Direct Deposit
 Disk as the approved software for all internet banking activities as individual authority and
 security tokens are required.
- All payments through internet banking software must be consistent with Department requirements and must be authorised by the Principal and one other member of school council nominated by the school council.
- Lyndale Secondary College school council will determine how refunds will be processed and any refunds processed through the EFTPOS terminal will be recorded in CASES 21 in a refund register.
- Lyndale Secondary College will undertake maintenance and upgrading of hardware and software as required.

Direct Debit

- All direct debit agreements must be approved and signed by school council prior to implementation.
- The school council requires all suppliers to provide tax invoices/statements to the school prior to direct debiting any funds from the school's account
- A direct debit facility allows an external source [e.g. Vic Super, Ricoh, City Link, Alleasing, TPG, and First Data] to a pre-arranged amount of funds from the school's official account on a pre-arranged date. Any such payments will be authorised as appropriate and required.
- Lyndale Secondary College will ensure adequate funds are available in the Official Account for the "sweep" of funds to the supplier.

- Creditor details will be kept up to date and the treatment of GST for creditors will be monitored.
- Payment transactions will be uploaded as a batch through the CASES21 system.
- All payments made through the internet banking system must be authorised by two authorised officers.
- The various internal controls that need to be considered include:
