YEAR 8

November 2025

Dear Parent/Guardian,

Lyndale SC is looking forward to another great year of teaching and learning and would like to advise you of Lyndale Secondary College's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary. Nevertheless, to continue delivering a high-quality education for our students the support of our families is required. We are committed to providing an exceptional program that equips students with the knowledge and skills to be successful in life, and caters for their academic, social and wellbeing needs. We know that all our families share these high expectations.

As the Government funds fall short of what is required to deliver the enhanced educational program and the student services that our community expects your financial support is highly appreciated. We offer a wide range of resources and initiatives outside the standard curriculum, and these rely on financial contributions from our families. For example:

- Transitional programs to engage in curriculum
- Educational sessions to support the Future Ready Program including resources to support students' Mental Health & Cultural diversity and safety within the community
- Innovative technology - Virtual and Augmented Immersive Technology
- Access to First Aid
- Lunch time sports programs and Homework club
- Additional testing and diagnostic tools to diagnose student needs
- Additional curriculum support materials for classroom use - e.g., STEM and sport equipment
- Additional in-house student well-being counsellors, psychologists, social workers and career advisors
- Great platform for communication with parents/teachers/students - Compass

We are always grateful for the generous support of our families. The School Council can assure you that all contributions are calculated at 'cost' (do not generate a profit) and are there to benefit all students. Whilst contributions are voluntary, insufficient funds will result in the school having to make hard decisions about paring back or stopping some of these additional resources, programs, and opportunities.

Thank you for your voluntary financial contribution for 2026 for your child and we encourage you to make the contribution via Compass or electronically (the payment details are on page 4)

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Pam Robinson
